Miami County Surgeons

An Upper Valley Professional Corp. Group

WELCOME TO MIAMI COUNTY SURGEONS

You don't have to travel far from home to benefit from the latest advancements in surgery today. You can count on Miami County Surgeons for everything from the most routine surgical procedures to advanced, state-of-the-art solutions that enhance your overall health and quality of life.

For your peace-of-mind, our surgeons are on call through Upper Valley Medical Center 24 hours a day, seven days a week. We accept most major insurance plans, as well as Medicare, Medicaid, Worker's Compensation, and coverage from many smaller insurance companies.

A HISTORY OF QUALITY SURGICAL CARE FROM MEDICAL PROFESSIONALS YOU CAN TRUST

The Miami County Surgeons group has been serving Miami County and the surrounding area since 1966. Today we are affiliated with the Upper Valley Professional Corporation, and operate exclusively at Upper Valley Medical Center. That means you receive personal, quality surgical care right here at home... without the inconvenience of traveling to metropolitan medical facilities.

Through the years, most of our physicians were born and raised in the area and have chosen to stay here... while others have selected the Miami County area because of its friendly, family-oriented people and comfortable pace-of-life. From athletic coaching to scouting to school and church activities, each is involved in our community.

Our five surgeons are all Board-Certified and enjoy keeping up with the latest developments in surgery. They are assisted by two highly skilled professional physician assistants and a dedicated staff of nurses and other allied health professionals.

FROM SIMPLE, ROUTINE PROCEDURES TO THE MOST ADVANCED SURGERIES

At Miami County Surgeons, you benefit from our extensive training and experience in offering such advanced surgical procedures as:

- Advanced laparoscopic surgery, including:
 - Open and laparoscopic colon surgery
 - Laparoscopic nissen fundoplication for reflux
 - Laparoscopic incisional hernia repair
- MammoSite catheters for advanced breast cancer care
- Vascular surgery, including:
 - Endovascular balloons and stents
 - Peripheral arterial bypass
 - Carotid endarterectomy

In addition, you can depend on us for these more common procedures:

- Inguinal hernia repair
- Umbilical hernia repair
- Lower endoscopy (Colonoscopy) including screening
- Upper endoscopy (EGD)
- Hemorrhoidectomy (open and stapled)

- Colon cancer surgery
- Breast biopsy
- Breast conserving surgery & modified radial mastectomy
- Sentinal lymph node biopsy
- Laparoscopic cholecystectomy (gallbladder removal)
- Thyroid surgery
- Parathyroid surgery
- Thoracoscopy
- Thoracotomy
- Splenectomy
- Gastrectomy
- Muscle biopsy
- Temporal artery biopsy
- Dialysis fistula
- Dialysis catheters
- Venous access ports
- Feeding tubes

If a procedure you require is not listed, please contact us, and we will see if we can assist you.

SCHEDULING AN APPOINTMENT

Scheduling a first appointment may vary from one day to approximately two weeks. To make an appointment, please call **773-4123**. To reach a doctor after hours, call **440-4000** and ask the operator to page your specific surgeon.
